

mini-fill touch

for maximum profit production

DESIGNED AND MANUFACTURED BY BELDOS N.V. BELGIUM

Revolutionary compact multi-functional depositing/injecting machine with Touch Screen

multi functional - for depositing, injection, layering and decoration

always clean, fast and accurate deposits

choice of 6 or 14 teeth gear/ 3 lobe impellers according to product viscosity and particle size

easy-to-use 5,7" **touch screen** with a safety glass

- single/automatic or continuous mode
- volume and speed
- waiting time between deposits
- number of deposits
- reverse mode to prevent dripping

standard **bigger volume** hoppers (8/15 l)

quick interchangeable all-in-one hoppers with built-in impeller system - for immediate switch over to another product while the product is still in the hopper

Everything that can be squeezed through a pastry bag!
